

All children have the right to an education which offers the best opportunities to work hard, be happy and achieve. At Florence Melly we aim to provide a working environment where all members of the school community feel safe and secure.

Aims of our Positive Behaviour Policy:

- To promote a calm, effective teaching and learning environment
- To develop positive, caring attitudes towards all members of our community where everyone's achievements are valued
- To encourage independence and self-discipline so that each child can learn to accept responsibility for their own actions
- To treat everyone with respect
- To have a consistent approach to behaviour throughout the school with parental co-operation and involvement
- To raise self-esteem and emotional well being
- To provide a clear understanding of acceptable and unacceptable behaviour to ensure physical and emotional safety.

Teaching Positive Behaviour:

At Florence Melly we believe that positive behaviour is encouraged by learning core skills and abilities. These are:

- Independence and organisation
- Self-image and self-esteem
- Motivation and perseverance
- Reflection and self-control
- Co-operation with staff and pupils
- Respect and honesty
- Empathy
- Compromise

British Values

At Florence Melly Community Primary School we recognise that our school population is not diverse and that children's first -hand experience of people from other countries, ethnic backgrounds or religious beliefs is limited. It is therefore essential that we actively promote and teach the importance of respect, tolerance, justice and fairness.

We believe that children flourish best when their personal, social and emotional needs are met and where there are clear and developmentally appropriate expectations for their behaviour.

Children need to learn to consider the views and feelings, needs and rights, of others and the impact that their behaviour has on people, places and objects. This is a developmental task that requires support, encouragement, teaching and setting the correct example. The principles that underpin how we achieve positive and considerate behaviour exist within the programme for promoting personal, social and emotional development.

EYFS key themes and commitments

A Unique Child	Positive Relationships	Enabling Environments	Learning and Development
1.1 Child development 1.2 Inclusive practice 1.3 Keeping safe	2.2 Parents as partners 2.3 Supporting learning	3.2 Supporting every child 3.3 The learning environment	4.4 Personal, social and emotional development

At Florence Melly Community Primary School we;

- access relevant sources of expertise on promoting positive behaviour within the programme for supporting personal, social and emotional development; and
- Check that all staff have relevant in-service training on promoting positive behaviour. We keep a record of staff attendance at this training.
- We recognise that codes for interacting with other people vary between cultures and require staff to be aware of - and respect - those used by members of the setting.
- We require all staff, volunteers and students to provide a positive model of behaviour by treating children, parents and one another with friendliness, care and courtesy.
- We familiarise new staff and volunteers with the setting's behaviour policy and its guidelines for behaviour.
- We expect all members of our setting - children, parents, staff, volunteers and students - to keep to the guidelines, requiring these to be applied consistently.

- We work in partnership with children's parents. Parents are regularly informed about their children's behaviour by their key person. We work with parents to address recurring inconsiderate behaviour, using our observation records to help us to understand the cause and to decide jointly how to respond appropriately.

Strategies with children who engage in inconsiderate behaviour

- We require all staff, volunteers and students to use positive strategies for handling any inconsiderate behaviour, by helping children find solutions in ways which are appropriate for the children's ages and stages of development. Such solutions might include, for example, acknowledgement of feelings, explanation as to what was not acceptable, and supporting children to gain control of their feelings so that they can learn a more appropriate response.
- We ensure that there are enough popular toys and resources and sufficient activities available so that children are meaningfully occupied without the need for unnecessary conflict over sharing and waiting for turns.
- We acknowledge considerate behaviour such as kindness and willingness to share.
- We support each child in developing self-esteem, confidence and feelings of competence.
- We support each child in developing a sense of belonging in our group, so that they feel valued and welcome.
- We avoid creating situations in which children receive adult attention only in return for inconsiderate behaviour.
- When children behave in inconsiderate ways, we help them to understand the outcomes of their action and support them in learning how to cope more appropriately.
- We never send children out of the room by themselves, nor do we use a 'naughty chair' or a 'time out' strategy that excludes children from the group.
- We never use physical punishment, such as smacking or shaking. Children are never threatened with these.
- We do not use techniques intended to single out and humiliate individual children.
- We use physical restraint, such as holding, only to prevent physical injury to children or adults and/or serious damage to property.
- Details of such an event (what happened, what action was taken and by whom, and the names of witnesses) are brought to the attention of our

Early Years Leader and are recorded in the child's personal file. The child's parent is informed on the same day.

- In cases of serious misbehaviour, such as racial or other abuse, we make clear immediately the unacceptability of the behaviour and attitudes, by means of explanations rather than personal blame.
- We do not shout or raise our voices in a threatening way to respond to children's inconsiderate behaviour.
