

# FLORENCE MELLY COMMUNITY PRIMARY SCHOOL

## REMOTE LEARNING ACTIVITIES

IF YOU CAN DREAM IT, YOU CAN DO IT!

**Year:** 4

**Date:** Monday 11<sup>th</sup> January 2021

**Whole School Theme:** Online Safety/ Share Aware

### DAILY ENGLISH ACTIVITIES

[Spaq.com](http://Spaq.com) – log in and complete the activity set on noun phrases.

Remember **expanded noun phrases**? Well we use them to add more information and detail to our writing. By using adjectives and additional information to describe a noun. Try this quick [match game](#), can you score top marks? Next use this [BBC Bitesize](#) tutorial to refresh your memory.

Complete the 3 activities and write out your sentences for number 3 in your remote learning book. **CHALLENGE** = choose 3 animals of your choice and write exciting sentences using an expanded noun phrase, e.g. Tiger = **Cunningly, the devious, striped tiger with razor sharp claws, stalked it's frightened prey.**

### DAILY MATHS ACTIVITIES

**Mathletics** – log in and check for any tasks set.

#### **ADDITION AND SUBTRACTION**

Complete the [Harry Potter Addition](#) themed cards. Which character has the best scores?

Next try these [Subtraction football](#) cards.

Choose your level: red, orange or green.

Remember to show your working out using column addition or expanded columnar in your remote learning book.

**CHALLENGE:** Make your own themed set of top trump cards with + or – sentences on, plus the answers with working out.

### THE WIDER CURRICULUM

Our Science topic is Electricity, but it can be dangerous!

Check out this informative PowerPoint explaining all about electricity. Make sure you click on the links inside, as there are some great videos included:

[Understanding Electricity and it's dangers](#)

Use your electricity knowledge to see if you can complete this virtual [Home Safety Game](#) and see if you can spot all the dangers. Just for fun try these [Electricity games](#) Catch the bulb is silly but addictive!

### LOOKING AFTER YOURSELF!

Let's get active and have some fun! Dancing is a great way to feel good and get your heart rate up.

This song should get you all dancing. Get your pincers out and join in with the [Crab Rave](#) and then turn up the volume and join in with Johnny signing [I'm Still Standing](#) from SING. Hopefully you'll be smiling at the end!

### GET CREATIVE!

It's hard not being able to see members of your family and friends at school.

Design them a little card, picture, note, letter or postcard to let them know how you're feeling, how you miss them and what you've been up to. Hopefully you might even get a response! Decorate it with bright colours and pictures.

### SPELLINGS AND TABLES

Being fluent in your times tables is so important and it helps with lots of aspects of Maths and everyday life. As well as going on [TT Rockstars](#) for at least 15/20 minutes, try some of these other different fun games to help with your speed and recall:

[Granny Prix](#)  
[Grand Prix Multiplication](#)  
[Car Wash](#)  
[Memory game](#)  
[Tommy's Trek](#)

### UP FOR THE CHALLENGE?

[Give me 5!](#)

Play this game with someone in your house. On each slide, click on a coloured card and challenge yourselves to get 5 answers. You can set the rules: maybe a 1 or 2 minute timer, 1 point for every answer, a bonus if you get the 5, if someone has the same answer 0 points. Winner gets a prize! E.g. choose a film, no chores that day etc. PLEASE NOTE: you will need to download this as a PowerPoint for the cards to turn. Any problems let us know.
