DAILY MATHS ACTIVITIES

Counting stomps!

Can you stomp with one foot at a time like the Giant? Can you count a total of up to 5 stomps with one foot at a time? Can you stomp a total of up to 10 stomps using one foot at a time?

Ask your adult to make number cards up to 5/10. Place the number cards 'face downwards' on the floor. Next, pick up a number card and jump the amount of stomps using one foot at a time to match the number shown on the card.

Challenge

Can you place the number cards in order from 1 to 5? Can you try ordering from 1 to 10? Can you record/make marks to represent any of the numerals?

THE WIDER CURRICULUM

Let's get active!

Warm up: How do you feel before exercise? Shake yourselves all over to wake yourselves up and to warm your body.

Activity: Run like a runner bean!
Jump like a jumping bean!

Make yourselves into a broad (wide) bean

Cool down: Touch your toes, keeping your legs straight. It can be tricky, so you can bend your knees if you have to.

Challenge

How do you feel after exercising? How has your body changed after exercising? Why is it important to exercise?

LOOKING AFTER YOURSELF!

Eat healthily

Enjoy eating baked beans with your meals or even have some on toast. They give you lots of energy and make you strong like a superhero!

UP FOR THE CHALLENGE?

Bean detectives at work!

How many different types of beans can you find? You can have a look on the internet, around your home or even at the supermarket!

Can you draw the beans? What are their names? Are they the same colour, size or shape? Do they taste the same? Do you like their taste?
