

# FLORENCE MELLY COMMUNITY PRIMARY SCHOOL

## EYFS REMOTE EDUCATION ACTIVITIES

### IF YOU CAN DREAM IT, YOU CAN DO IT!

Reception Daily Learning

Wednesday 10th February 2021

Whole School Theme: Languages of Liverpool

## DAILY LITERACY ACTIVITIES

We have been focusing on our new story 'The Three Billy Goats Gruff'.

Yesterday we focused on creating our character descriptions, just like Miss Doyle's example [here](#).

Today, we are going to use speech bubbles to think about what the character in our story might say. You might want to use your favourite character from yesterday or you might want to pick a different one.

Click [here](#) for today's task.

## DAILY MATHS ACTIVITIES

### Making Pairs

This week we are learning how to combine two groups using a ten frame.

[Click here](#) for today's maths task!

If you are feeling like a maths superstar today (which I know you all are), have a go at our maths **challenge!**

[Click Here!](#)

## THE WIDER CURRICULUM

### Understanding the World

We will spend this week looking at how Chinese New Year is celebrated, focusing on traditions and culture.

Have a listen to Miss Doyle reading the [Chinese New Year Story](#).

Today we are going to get creative and have a go at writing our numbers 0-10 in Mandarin Chinese. Click [here](#) to see them.

You might want to use paint to create them or felt tips, crayons, highlighters or pencils. Why don't you have a go at creating a number poster!

## LOOKING AFTER YOURSELF!

After a very busy day completing your remote learning challenges, relax with some brain breaks, just like we do at quiet time in class.

[Click here to choose one today.](#)

## GET CREATIVE!

This week we have been learning the story 'Three Billy Goats Gruff'. Can you create your own troll puppet or junk model? You can use any resources that you wish.

Remember the adjectives that describe our troll; big, scary, grumpy, tall.

## RHYME TIME!

### Rhyme of the Week

Check out our rhyme of the week this week  
[1,2, Buckle My Shoe.](#)

Have a little think about how it links in with our maths focus this week.

## UP FOR THE CHALLENGE?

### Growing Green Grass Science Experiment

This week we will become scientists and will conduct our very own science investigation, have a look here.

[Science Experiment](#)  
What type of grass do you think the goats in our story would like to eat?
